

Sussex Honey Guide

Explore the **Sussex honey map, producer directory and selected stockists to find local honey, bee-related products, and experiences across Sussex.**

From wildflower meadows and hedgerows to woodland plants and coastal gardens, every jar of honey and handcrafted product captures a little of the Sussex landscape. By exploring and sampling these, you are also supporting the bees, beekeepers, and local producers.

Did you know...

Sussex is buzzing with bee life? 229 bee species have been recorded across the county, making it a rich and important place for pollinators.

Sussex Honey Producers Directory

Many producers in this directory sell online through their own websites and with selected stockists.

Their honey and bee products are often made in small seasonal batches, reflecting the care, patience, and natural pace of the bees, beekeepers, and makers behind them.

Use the key below to discover beekeepers, bee-related experiences, producers and products, or scan the QR code for links.

Key

Experiences, including beekeeping training, talks, and workshops.

Producers making honey and bee-related products.

Sells products available to buy in person or online.

Not all producers are open to the public, so please check individual websites before visiting.
