at PETWORTH DEER PARK

make your own Sunrise Picture

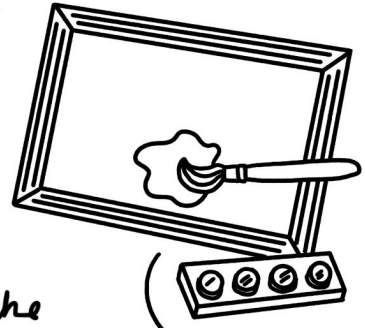

You will need: the TEMPLATE, WATER SOLUBLE PAINTS, SCISSORS, BLACK PEN, PAINT BRUSH, GLUE, COLOURING PENCILS

1 Cut out the frame and the deer's head

2 Paint a SUNRISE inside the frame!

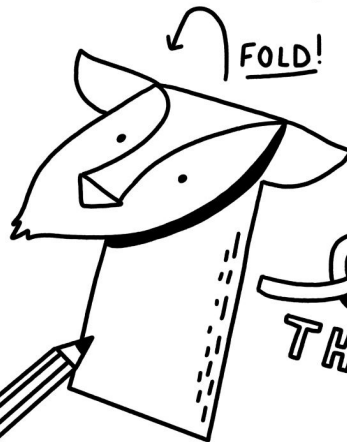

TIP! Paint the paper with WATER first. This will help the colours to BLEND with each other. Use lighter colours at the bottom and the darker colours at the top!

THEN Leave to dry!

3 Fold along the DOTTED LINE so that the deer's head sits slightly at an angle above the body.

COLOUR it in using different shades of brown pencils

THEN...

STICK the deer's head onto the sunrise with glue.

use the BLACK PEN to draw on the antlers and foliage

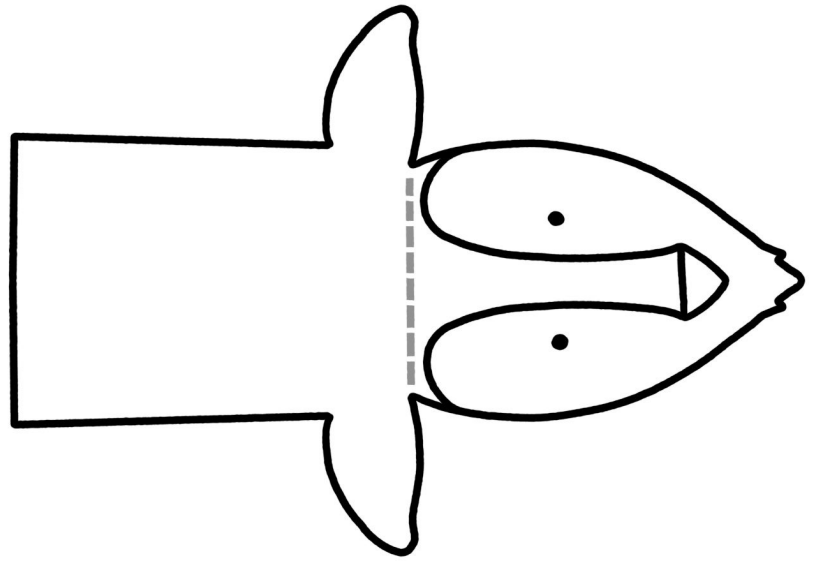

optional EXTRAS

★ use the SUNRISE PICTURE to decorate a notebook, greetings card or put it in a frame

★ Think of other things that can sit in front of the sunrise - a HOT AIR BALLOON, a LOCAL LANDSCAPE or a VILLAGE SCENE!
